**JAMPUR GROUP**

# A complete range of solutions brings light in the darkness

Jampur supplies a complete range of solar home kits that bring light in the darkness without using a drop of fuel.

## Small home kits

Solar Panel, Battery, Controller, 3 lights and a torch.

Light up a small home and charge mobile phone

## Medium home kits

Solar Panel, Battery, Controller with high capacity.

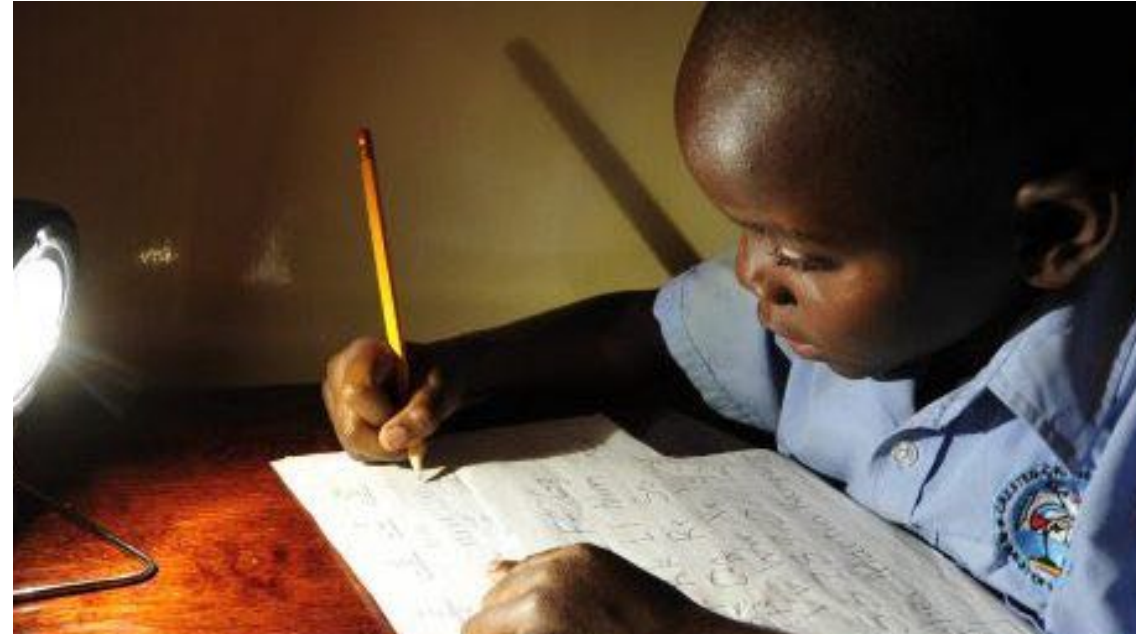

Able to power larger homes and appliances such as fans and TV's.

## 220V home solutions

Solar Panel, Battery, Controller, and inverter.

Able to power regular 220V AC appliances. Works in parallel to grid connection

## Small home kits

Our small home kits are the perfect solution for small homes that are not connected to the power grid.

Very affordable making it the ideal solution for rural areas, villages and remote locations.

The kit powers fixed LED lights and can charge mobile phones and a torch as well.

The design specifications ensure enough power to supply light all through the night hours and beyond.

The quality of each component guarantees a long life span.

12W solar panel  
25 year life span

LiFePO4 battery and  
controller

6W LED lights  
220 lumen brightness  
11 hours autonomy

## Medium home kits

Our Medium home kits are designed for larger homes that are not connected to the power grid.

Available in 300W and 500W version powered by 2 50W solar panels.

The battery unit can supply 5V USB, 12V DC and 220V AC through its built-in inverter.

The quality of each component guarantees a long life span.

## Large home kits

Large homes and offices require more power and capacity.

Available in 1500W, 3000W and 8000W version.

The units are true uninterrupted power supplies. The battery bank charges through the connected solar panels and from the grid when available.

24 hours of uninterrupted power is now possible in every location.

## From our network of offices we cover every country in Africa and the rest of the world
